

# ADVENTURE INSULATION JACKET

SKU: 10701270

## Adventure Insulation jacket. Unisex.

Warm insulation jacket designed for long trips in varied, cool, and humid weather. Use as outer jacket or under the shell jacket to increase warmth. The jacket is developed in collaboration with leading guides and is a good choice for wet, long trips where the down jacket is unlikely to thrive.

The jacket is windproof and can withstand light drizzle. It's warm, comfortable, emits little sound, and feels soft and comfortable against the body without being tight or constricting. For optimal moisture transport, it's recommended to combine the jacket with [Super Thermo mesh](#) closest to the skin. [Classic Wool](#) works well as an intermediate layer.

### Product Features

- Fit: Unisex, snug fit. If you have a large torso, you can go up a size.
- Good and warm, well-suited instead of a down jacket in wet weather.
- Versatile - can be used as both midlayer and outerwear.
- Quiet (no-rustling) material - suitable for hunting etc.
- Light weight.
- Durable.
- Windproof
- Water-repellent
- Full length zip in front with internal storm flap.
- Pockets:
  - One zippered external chest pocket
  - One small, zippered internal chest pocket
  - One large inner pocket in the front for storing water bottles, etc. close to the body. The pocket is sewn in light mesh fabric to ensure optimal ventilation. It can also be used to pack the jacket together.
- Velcro cuff closure with attachment possibilities for gloves or mittens.
- Machine washable on 40 degrees, re-proofable
